Tuesday 17th November 2026

Dear Parents and Carers,

I am writing to share positive news following our recent Ofsted monitoring visit. Please find attached a copy of the report for your information.

We are pleased that Ofsted has recognised the progress being made across Kingsbury Primary School. In particular, the school has moved up a grade in both the **Inclusion** and **Leadership and Governance** measures. These are positive steps in the right direction.

What makes this recognition particularly encouraging is that it follows just five weeks of the new academic year. It demonstrates the commitment, energy and determination of everyone involved in our school community. We are an ambitious, motivated and relentless team in our drive to raise standards and ensure that your children receive the very best education and opportunities at Kingsbury to succeed.

We will continue to quickly build on the improvements already made, maintaining our high expectations and ensuring that every decision we make has a positive impact on the children and their experiences at school.

Ofsted will return during the spring term for a second monitoring visit and we will to share with inspectors the further improvements that we will have collectively achieved by that point. We are determined to demonstrate just how much Kingsbury is developing and improving.

Finally, I would like to thank you for your continued support, encouragement and partnership. A successful school is built on strong relationships between children, staff, parents and the wider community. Your support is hugely valued, and I look forward to us continuing this journey together.

With very best wishes,

Patrick Luke
